

January, 2010

Dear Parents and Guardians:

We are blessed to be partners with you in providing a Catholic School Education for your children. You have made Catholic education a top priority in your family. We know that this financial commitment is a significant sacrifice for you.

The tuition rates for 2010-2011 School Year are enclosed in this registration packet. Our monthly payments are processed through FACTS. This year's FACTS enrollment will be done electronically. Directions are to be found on the "Payment Plan" document.

We know that some of you may be having financial struggles, while others of you may be willing to sacrifice a bit more for the good of our Catholic school community. In light of our unique gifts of time, talent, and financial treasure, there is an opportunity for those who have been blessed financially, to pay the "Good Samaritan Rate." We thank those who were able to contribute to the "Good Samaritan Fund" during this current year. We received approximately \$3000. These donations are helping our school families meet their financial obligations.

A new full day preschool option is being offered for 2010-2011. Information is provided in this registration packet.

We encourage a lifelong relationship with Jesus and a love of learning. As partners in the stewardship of St. Pius X School, we continue to provide a faith environment for your children where the Gospel message is proclaimed, Christ is experienced, service to others is the norm, and thanksgiving and worship of our God is a priority.

Guided by the Holy Spirit let us together continue to make St. Pius X School a place for spiritual growth, academic adventures, and warm friendships.

God Bless Your Families,

Kathleen Groettum, Principal
